

LEBARA SIM ONLY

Factuurdatum: 01-02-2021
Factuurnummer: NL-2950313
Mobiel nummer: 06-12345678
Contract ID: 100001

Billing information

Here, you will see the bill number, billing date, the mobile phone number linked to the subscription and your unique contract ID.

If you have a business subscription, you will see your company's VAT number here.

Add-ons:

For the extras, such as unlimited calls and texts abroad, you pay in advance for the first month. This means that these costs can be seen on your statement directly.

From the second month, these costs, as well as the out-of-bundle costs, will appear on your statement the month after you used it.

Example: In January, when you take out your Sim Only subscription, you can choose unlimited calls and SMS for €1 euro. You will find these costs for the month of January on the invoice. From February onwards, you pay the extras one month later. You find the costs for February on your March invoice.

Other costs and deductions

Here, you will see any costs you incurred outside your bundle, as well as any deductions that we are crediting to you.

Please be aware that the costs and deductions are related to the previous month. For example, if you receive this invoice in February, the invoice will have the costs and deductions of January.

For example, if you were to activate an €15.50 subscription on the 6th day of the month, you would pay up front for the entire month, even though you did not use the subscription during the first 5 days of that month. $€15.50/31 \times 5 \text{ days} = €2.50$. In the second month of your subscription, we would subtract €2.50 from your normal subscription fee.

Please note: that you do not have to transfer any money directly to our account. If your automatic payment fails, please pay via the iDeal link in the email reminder.

The contract holder's address

Here, you will see your name and address. If you have a business subscription, your company's name and address will appear here.
