From now on Lebara offers LTE and permanently more data at no extra charge

Düsseldorf, March 17, 2020. Lebara customers can now surf in the best D-Net in Germany with LTE at no extra charge. At the same time, Lebara, the specialist for cheap calls abroad, is permanently increasing the data volume of its plans - up to 10 GB. New customers will get up to 3 GB of free data volume in selected tariffs - the promotion is limited to the end of May. "This means that we offer the best price-performance ratio in the ethnic prepaid market," emphasizes Gerben Wijbenga, Lebara boss in Germany.

LTE is available from today on for all new Lebara customers. Existing customers have to be patient for a few more days. The reason for this are internal technical changes. "Now, for the same money, we not only offer LTE high-speed Internet in the best quality, but also even more data volume," emphasizes Gerben Wijbenga, Lebara boss in Germany: "This means we offer the best price-performance ratio in ethnic prepaid -Market. Because Lebara customers can exclusively use the best D-Net in Germany. The excellent network quality is particularly noticeable in mobile surfing and in the reliable voice connection. "

All Lebara customers automatically receive higher data volume in their plans - that means significantly more performance at the same affordable price. This applies to new customers from now on and for existing customers from the next billing period. For example, the "Komplett S World" tariff now includes 2 GB instead of 1.5 GB of data. In addition, you receive 180 min. instead of 100 call minutes within Germany and in 50 other countries, for four weeks at a price of € 9.99 *. In the "Komplett XXL" tariff, Lebara doubles the included data from 10 GB to 20 GB per four weeks. The largest of the Lebara Komplett-Plans also includes a Germany flat-rate and 1,000 call minutes to the 50 most important countries at a price of € 39.99 for four weeks. The data is also increase for "Komplett S" and "Komplett S Flat" by
