## New Lebara “Komplett” tariffs with best D-Netz quality

**Significantly more data volume for the same price**

**Düsseldorf, 18th June 2019. Lebara, the specialist for cheap calls abroad, has optimized its “Komplett” tariffs. "Our Komplett-Offer is ideal for all global citizens who live in Germany, have an international network of friends, relatives or business partners and want to make calls to 50 countries at no additional cost," explains Germany managing director Gerben Wijbenga.**

*Data volume rises. Prices do not.*

*Two new Komplett tariffs expand the portfolio perfectly*

The Komplett M tariff now includes 5 GB of data volume per 28 days at a price of 19.99 euros \*, around two thirds more than before. In the Komplett L (24.99 euros / 28 days) Lebara even increases the data volume by over 133 percent to 7 GB. And the volume included in the Komplett XL (29.99 euros / 28 days) is doubled to 10 GB. These tariff variants include unlimited calls within Germany as well as 250 minutes to 50 countries in the M tariff and 500 minutes in the L and XL tariff ([click here for a list of countries](#)).

In addition, Lebara is now offering two new, attractive all-inclusive tariffs for beginners: In the new **Komplett S Flat**, customers get a phone flat rate for 14.99 euros to all German networks, 50 inclusive minutes for calls abroad and 1.5 GB of data volume. The new **Komplett S Smart** costs only 9.99 euros per 28 days and offers 200 minutes of telephony in all German networks **as well as** 2 GB high-speed data volume in the best D-Netz quality. And as usual, calls can be made to over 200 countries from just 1 cent per minute \*\*.

If the data volume is still not enough, Lebara customers can book any data packages from 1.99 euros via SMS or app at any time.

### About Lebara: First choice for global citizens in Germany

Lebara is the universal brand for people whose family members, friends and business partners are spread across several countries. Lebara helps these people to stay connected across borders, generations and cultures. Founded in 2001, the Lebara Group has developed into an established telecommunications provider in five countries in Europe. Lebara products are easy to understand and very reasonably priced. In this way, Lebara customers stay in contact with their families and friends abroad - easier and cheaper than ever before.
